Maj. Tere Nieman

U.S. DISTRICT COURT

1550 MAIN ST.

SPRINGFIELD, MA 01103

Your Honor:

How long are you going to let these injustices go on regarding this ridiculous case?

(1) You specifically ordered me into Ludlow due to their Adhesion Medical Protocol yet here I am out-of-state at a for-profit INS Facility 100 miles from my attorney where I cannot see or call. The reason? I filed grievances at Ludlow which is my U.S. Const. Amend. 1 right so to do without being retaliated against for. Please order my return to Ludlow forthwith. You can use the ALL WRITS ACT!

- (2) I have yet to have a full detention hearing despite my repeated requests for this right. You have held me for a whole month now. I am entitled to this full hearing and also to appeal to Judge Posner if I don't like the result. Once again, I request my rights.
- (3) The prosecutor lied to you at one hearing by saying I "had no family ties" in this area and hence was a risk of flight. ~~He~~ <sup>He</sup> was wrong and demanded that he correct that and inform you. He refused to. This in the same breath of claiming I have no such ties. He orchestrated fruitless 504T type raids of family members in Westfield and Southwick. I in fact have family all over this area going back 52 years.
- (4) The prosecutor lied and misled you about me not having a job too. He told you I was unemployed. But what he purposely omitted was that I was a full time National Bus Driver at the airport from Feb. 2000 to Oct. 23, 2003.

Having then lost my job due to discrimination  
over Hepatitis-C. My case for back-pay and  
reinstatement is currently before the Connecticut  
Commission on Discrimination. Again, I wrote  
the prosecutor demanding he correct this with  
you and he refused.

And you fault me for my courtroom  
outbursts and speaking out of turn?

And what of Probates Services - why a  
month in detention and no interview? I  
have rights you know. I served Jury Duty in  
Hamden Superior Court in March, 2004. I  
am not on parole, probation, supervised release,  
conditions, bail, or anything else. I am a  
citizen. So please recognize that fact and  
bring me back to Massachusetts for there  
statutory and constitutional rights.

Sincerely yours,  
Michael Booker
